Musser & Kelly's Treatment

That this work is right down to the minute is shown by the frequent references to *1910 literature*, by the inclusion of *Ehrlich's "606,"* the most recent advances in serum therapy, bacteriotherapy, vaccine therapy, organotherapy, etc. and the recent treatments of *pellagra* and *hookworm disease*.

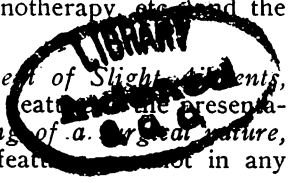

A chapter of importance to you is that on the *Treatment of Slighter conditions*, conditions you are daily called upon to relieve. Another feature of the presentation, by eminent surgeons, of those *procedures partaking of a surgical nature*, but which you must frequently perform. These two features are not in any other work.

Musser and Kelly's Treatment is the most complete, the most practical, the most authoritative work on Treatment ever published. Its authors are the world's leaders in the medical field. Musser-Kelly is the last word.

Illinois Medical Journal

"This, the most ambitious work on practical treatment ever undertaken in America, is well worthy of special consideration. All the best therapeutists of England and America have contributed to it."

Three octavos of 900 pages each, illustrated. By 82 Eminent Specialists. Edited by John H. Musser, M. D., Professor of Clinical Medicine, and A. O. J. Kelly, M. D., late Assistant Professor of Medicine, University of Penn. Per Volume: Cloth, \$6.00 net; Half Morocco, \$7.50 net.

LIVERMORE SANITARIUM

FOR GENERAL DISEASES is beautifully situated near the town of Livermore, 30 miles from San Francisco, and is surrounded by handsome grounds. It is isolated, the rooms are large and well furnished and the Sanitarium is specially adapted for the treatment of Neurasthenia, Nervous Dyspepsia, the Alcohol Habit and Morphomania. One building is especially adapted for Massage, Electricity, Hydrotherapy and Sun Bath. Terms, \$30.00 to \$75.00 per week.

THE DEPARTMENT FOR THE TREATMENT OF MENTAL DISEASES is entirely separated from the Sanitarium and is located in grounds absolutely private. The central building is surrounded by small cottages for the better segregation of patients. The best-trained nurses are employed and all modern appliances for the proper care of the insane have been provided. Absolutely no restraint nor seclusion for patients. Terms, \$25.00 to \$50.00 per week, depending upon the number of nurses required.
